>I'll admit it's been a while since I've read my bible, but any Anons here think this guy (David Wynn Miller) could be the Anti-Christ?

According to Jesus' instructions, if you can point to a person or a place and say, "Here he is," or "He is there in that place," it is a false christ.

The real Christ's coming will be sudden as lightning. So to follow anyone performing miracles, or claiming to have risen from the dead is a false christ.

Matthew 24:26 "So if they say to you, 'Behold, He is in the wilderness,' do not go out, or , 'Behold, He is in the inner rooms,' do not believe them."

27 "For just as the lightning comes from the east and flashes to the west, so will the coming of the Son of Man be."

RCMP intelligence director charged, accused of violating national secrets act (royal canadian mounted police)

A senior RCMP official arrested in a case that sent shockwaves through Canada's national security community on Friday was uncovered by U.S. authorities who tipped off Ottawa, a source told Global News.

Cameron Ortis faces seven counts dating as far back as 2015, including breach of trust, communicating "special operational information," and obtaining information in order to pass it to a "foreign entity."

The charges did not specify which foreign entity or what type of information, but a source said he had amassed "terabytes of information," including a list of undercover operatives, when he was arrested in Ottawa on Thursday.

Storm clouds gathering...

"But the gmail account "carterheavyindustries@Gmail.com" is not a China email address. It is as gmail email address. The email address only looks like a China company's email address but it is not. We know this is not a China email address because gmail was unavailable in Shandong province in China. This tactic of duplicating the name of an individual or company address and creating a similar address in gmail is a common method for hackers to obtain proprietary information.

We also have identified that Hillary's email address was not included in an email to the carterheavyindustries@gmail.com. So how could it be forwarded to this address?

Notice all the addresses above? None of them are to/from @clintonemail.com. McManus's address is blacked out, but he would have a state.gov address and/or a private email address, but he wasn't receiving email from @clintonemail.com.

Ummmm, if @carterheavyindustries@gmail received Hillary's emails then why is her email address not in this email?

So many questions, so much corruption, so many lies.

Literally nothing about Comey's corrupt FBI and Obama's Justice Department made any sense."

Welcome To Q Research @/QAnonResearch/

We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness.

We are researchers who deal in open-source information, reasoned argument, and dank memes. We do battle in the sphere of ideas and ideas only. We neither need nor condone the use of force in our work here.
