This Anon concurs...few things that suck moar (imho) than coming here (home) after a long difficult, stressful day/week/month/etc...with the intention of catching up on notables, conversing & working with fellow Anons & Autists, diggin'/meme'in/doin' what (You) do & having a few keks in the process.....**Only to end up REEEEEEEING and recoiling at the sight of the ever-increasing shilling & accusations of shilling being flung about, post after post of stupid grade school-tier shitposts by that fucking ebot faggot & his ilk (they're all clearly unaware of how irrelevant and astonishingly fucking pathetic they are; if they had a clue they would've offed themselves long ago)** ; All of this and moar has increasingly sucked a significant portion of the once *very abundant /comfy/* Anons/8 refugees had all come to profoundly appreciate and look forward to over the past 3 months (I hope I am/may speak(ing) for most Anons here on that last one). I wish I had another suggestion as to how to get it back the way it was prior to about 2-3 weeks ago (give or take)...this place was stocked full of frenly feelz, good digs, the occasional tunez to dig by, awesome free flow of thoughts/ideas/memes/plans/epiphanies/etc...Anons helping newfags who are here & trying to learn the ropes in earnest-being able to ask questions they probably daren't *think* about asking on 8 or half or elsewhere-oldfags imparting wisdom & guidance, everyone...each of us...lending or accepting a helping hand as **We exemplified** the very meaning of **WWG1WGA!!!**=

Sorry for the much-longer-than-originally-planned post/rant...I think of this place as home-in some ways actually superior to current-day 8ch/8kun (if it ever becomes accessible to some of us again, kek)...the only thing it lacks (*prior* to the previous 2-3 weeks I've already ranted about above) is a *direct line to Q*;...

outside of that and some minor board tweaks/aesthetics <like a *Use Local Time* option that actually still functioned like it did in the beginning> **[Speaking of which: Does ANYONE here know how the hell to fix that??? I've never become accustomed to it & it still annoys the shit out of me to this day!]** (Sorry, personal pet peeve there)...outside of some pretty minor shit ('cept the direct line to Q thing isn't minor, kek) I had become so fond of & /comfy/ in this digital respite on the edge of the abyss...the dark & beautiful *END*...that it genuinely upsets and angers me that this board I call home has been hijacked by some small-minded brainlet shill faggots. \*may karma deal them an end to their pathetic existence in the form of a flaming dumpster fire full of hundreds of gallons of excrement\* **ALL** that being said-I love the rest of you fags (no homo) & I really do think of you as my frens & family and I feel grateful to you...sincerely. o7

Also think about this - It is commonly taught today that Jesus preached in parables because he wanted to make his message easily understood to uneducated common people. But Jesus himself explained why He spoke in parables, and it is for the opposite reason - so that His message was NOT understood by most people.

"He was teaching them many things in parables.. and He said, 'He who has ears to hear, let him hear.' And when He was alone, those around him with the twelve [disciples] asked him about the parables.

And he said to them, 'To you has been given the secret of the kingdom of God, but for those outside, everything is in parables so that 'they may indeed see, but not perceive, and may indeed hear, but not understand, lest they should turn and be forgiven.'"

<https://biblehub.com/mark/4.htm>

This is the kind of hard truth that "the churches" have avoided teaching about for centuries, because any message other than "God loves and saves all people" is not good for church membership and customer satisfaction.

I think i at least got yr latest pastebin in the next dough. I hope so.

BO, You want baker to pickup current pastebin when you've got a million of them and you don't link them to the dough post? And when you are not paying attn to the bred (realizing it's end of bred)?

### **Protocol is the ALWAYS link pastebin changes to original dough post.**

But you don't know that bc you are new and don't ask how it's done.

QR bakers have protocols like this for a reason. I suggested you follow them so bakers don't have to look everywhere for the current paste.

Did you even post this raw dough before? I searched on "raw d" and found nothing. Plz try to stay organized.

my tone was stronger than intended in the post i just sent to you. sorry, but you gotta get organized, it's not ok to ask bakers to look for pastes at the end of bred when we are already so busy getting notes ready, responding to anon feedback on notes, and baking. I resigned as baker bc it was so much to do with so little support. I love to bake and will do it when i can--and also to support other baker, who does so much. But you need to be more aware of how to offer support.

John Sidney McCain III (August 29, 1936 – August 25, 2018) was an American politician and military officer, who served as a United States senator from Arizona from January 1987 until his death in 2018. He previously served two terms in the United States House of Representatives and was the Republican nominee for president of the United States in the 2008 election, which he lost to Barack Obama.

McCain graduated from the United States Naval Academy in 1958 and received a commission in the United States Navy. He became a naval aviator and flew ground-attack aircraft from aircraft carriers. During the Vietnam War, he almost died in the 1967 USS Forrestal fire. While on a bombing mission during Operation Rolling Thunder over Hanoi in October 1967, he was shot down, seriously injured, and captured by the North Vietnamese. He was a prisoner of war until 1973. He experienced episodes of torture and refused an out-of-sequence early release. During the war, he sustained wounds that left him with lifelong physical disabilities. He retired from the Navy as a captain in 1981 and moved to Arizona, where he entered politics.

In 1982, McCain was elected to the United States House of Representatives, where he served two terms. He entered the U.S. Senate in 1987 and easily won reelection five times. While generally adhering to conservative principles, McCain also had a reputation as a "maverick" for his willingness to break from his party on certain issues. His supportive stances on LGBT rights, gun regulations, and campaign finance reform were significantly more liberal than those of the party's base. McCain was investigated and largely exonerated in a political influence scandal of the 1980s as one of the Keating Five; he then made campaign finance reform one of his signature concerns, which eventually resulted in passage of the McCain–Feingold Act in 2002. He was also known for his work in the 1990s to restore diplomatic relations with Vietnam. McCain chaired the Senate Commerce Committee and opposed pork barrel spending. He belonged to the bipartisan "Gang of 14", which played a key role in alleviating a crisis over judicial nominations.

McStain's grandfather was raised on a plantation that kept slaves. They also had sex with the slaves, therefore there is also a black McCain family line.

No kidding. There are a lot of features I really miss from 8 that just aren't available here... (no fault of anyone here)

The post was from 7/4/18. I'm looking for it in archives as my screenshot is not very large & high quality.

You idiot mental case. You seriously cut off all your manhood and now have a fake vagina that you have to take care of every other day or it will revert to being a penis? seriously, you did that?  
You think you are sane?

- back temporarily then irl for a few hours  
- not sure what you mean by "adding links" to pb notables, maybe explain more (i'll look for in next bread)  
- yes, shifting to 8chan format for notables would be best solution for many things, but would also mean BO allowing bakers to be primary mgrs of the dough. Would also taking much material now in dough and putting in elsewhere (e.g., special thread he could manage). This way, you have a dough that is stable (only minor changes are made) and which can therefore be watched over by all anons, including BO and bakers, to make sure it stays pristine. This works well in QR (the more anons on the board, the better).  
Below are some additional ideas to make sure there's input on notes.

Ways to facilitate making corrections on the notes

**1. stay current and post during the bread, asking anons for feedback** (that's how an error in the current dough was caught: [>>30555](#))

the problem there is lack of bakers  
or note-takers who at least come close to creating notes that look like baker notes (with pretty good descriptions)

But this bread illustrates how it works. Requires more bakers, obviously.

**2. Ask anons for feedback about missed notables. If certain notables are "iffy," ask for feedback there too.**

This only works if you post several times and include a "last" post in the 650+ before the final post. Takes anons time to check notes.

>Everything is notable to anons that can't be on the whole bread.

Strongly disagree

If that were true, they would want to read the whole bred--which they don't.

Cognitive psychology tells us that people can only hold so much info in their minds at one time. Put too much stuff--rather than REAL notables--and we cannot absorb it. Most well established fact in the whole field. So a critical task of the baker is to separate the wheat from the chaff.

The wheat:

- breaking news
- ongoing developments in the news
- boat & plane-fag reports
- new and continued anon digs, espec on Q drops
- anon discussion of digs and other relevant items
- images that directly relevant to digs (ray chandler, epstein island, etc)
- for KEKS stuff (only if really funny, don't overdo it)
