I asked the creator of where my wand is from if she was a virgin, and he said no, and I have been absolutely seething over fucking over the past fucking years.

I can't really let go; I just want him to change his mind over this, and the only way I think is by using supernatural help like goetia demons or what.

Which would be the most suitable one to solve this little problem of mine?

Maybe Stolas or Vine ?

The other thing is, how does one not be afraid of the supernatural when summoning the Goetia demon for the first time? I never had a supernatural or paranormal experience in my life before.

11:39-12:02

14:48-21:05 (note the 'temples without windows' concept as in underground, scarcely lit mithraeums, just like in freemasonry where there should be no light other than the invisible, spiritual light of the Black Sun which gives illumination - Sun gods in their esoteric cults actually refer to that 'sun', Saturn, not the visible daylight giving Sun)

27:50-30:26

30:53-31:12

31:57-32:20

32:43-end

TL;DW - Constantine was a die hard pagan and never truly converted. He mixed Mithraism with Christianity into what became Catholicism, an administrative structure serving Rome instead of God. Persecutions in a way stopped and, naively, many early Christians bought into Rome's deception, exchanging simple truth of the Gospel for arcane rituals, status, safety and worldly riches, in turn becoming persecutors themselves.

few years back, dont remember if it was 2020 or 2021, there was a thread here or on another chan about a man who was wanted by the police for "kidnapping" his daughter. After this news came out there was a video of his supposed daughter who claimed she was "alright and nothing is wrong." lot of anons were speculating the videos of her were AI generated and she probably didnt exist in the first place. I remember there being screenshots of it being posted on 4chan but they would get taken down everytime, cant really find any info on this anymore and wasnt really in the habit of saving things at the time, anyone remember anything like this?

10/06/2019 (Sun) 03:39 [\[Preview\]](#) No. 3565 [\[Reply\]](#) [\[X\]](#) [\[Last 50 Posts\]](#)

Gang stalking is simply a form of community mobbing and organised stalking combined. Just like you have workplace mobbing, and online mobbing, which are both fully recognised as legitimate, this is the community form.

Gang stalking is organised harassment at it's best. It the targeting of an individual for revenge, jealousy, sport, or to keep them quite, etc.

It's organised, widespread, and growing. Some describe this form of harassment as, "A psychological attack that can completely destroy a persons life, while leaving little or no evidence to incriminate the perpetrators."

How so? I may have been shot at the other night. nothing serious just a pop in the parking lot as i was doing my thing. i also (with the help of many others!!!) thwarted partially a plot to burn a large tree covered in vines that had died in order for my comped father to bang on my door with a sledgehammer (that i have now in my bedroom :) ) and basically bludgeon me to death in my sleep.this shit was huge lil nas x is lil x-mas. nas instead of mas mn seriously. whole conjunction ritual they had reversed by shamanas. the masons decided to pressure my family to "get rid of me". knocked unconcious by my own father. dragged out an unlocked window by my neighbor and some old guy who thinks i have to be stabbed with screwdrivers for not being a boomer. i barricaded the door with multiple layers of wood ladders etc. i twisted the flammable vines off of the tree. i called out and closed my bedroom window after it was opened. i made a stink about the pickup truck with the hard top covering they wanted to put my unconscious body into. i wore a motorcycle helmet to protect my head from the swinging hammers and baseball bats that where surely going to come my way. i loudly declared america to be superior to masonic dogma. they can't really do jack shit now and you have to without being a hypest. control the situation. these people mirror you and whatnot. say "hey give me some space". being a gangstalking faggot they have to do so no matter what.

I pissed off the security there and they've been harassing me ever since. I completely mine my own business and they will sometimes swarm me in a show of force but act like they're just talking about something work related that happens to be near me. They provoke me off camera, spy on me around corners etc. I've gone to HR and they completely ignored me until I got the director involved. Do in thinking they spoke to HR and said something about me.

gangstalking happens but its effect can be applied in reverse if you don't let the psyop get to you.

requires some nerves as steel mixed with a "I don't even care" attitude.

Doesn't fully end it but mitigates it. Plus the gangstalkers end up feeling demoralized and impotent at some point, and now the psychological cost to gangstalk you has increased.

☐ **Anonymous** 10/30/2023 (Mon) 20:59 [\[Preview\]](#) No.4753 [\[X\]](#) [del](#)

Many stalked are also getting poisoned and dont know about it. Stalkers often involve family if you are a "starseed" Our controllers decide when we reincarnate and keep us as ignorant as possible. "Starseeds" "neurodivergent" "indigo children" etc are all different ways to say free thinker/open minded. They are born into masonic, satanic, religious groups and cults. None of them, lets think about why the world is just utterly shit and unfair. In my statement, I will explain the one topic that hasnt been discussed into all of this. This is a text file. I don't favor posting on /horror/ since my statement is true and not fiction.

[https://mega.nz/file/42tziJAS#\\_ulrV6vh1ICe6HIMkB72cOSZOfWPbu9YNaxRIuvxlmY](https://mega.nz/file/42tziJAS#_ulrV6vh1ICe6HIMkB72cOSZOfWPbu9YNaxRIuvxlmY)

☐ **Anonymous** 09/20/2023 (Wed) 22:29 [\[Preview\]](#) No.4751 [\[X\]](#) [del](#)

So I read most of the MEGA file, and I'm not convinced something like this could happen on the scale you describe without many more people publicly talking about it.  
First off, how did you come by all this information about these gangstalker's motives and innerworkings? Do you have any evidence that these people are actually part of such a group?  
>inb4 they are indistinguishable from normal people/no evidence can be given  
Well then it's just as likely that everything you said is false. If what you say is true, I wouldn't see any reason to stay alive, so the only alternative is to assume the optimistic view.  
Second, if they were real, you wouldn't be able to post this without either getting Epteined or having your gangstalking ramped up as punishment. Which makes you either oblivious, meaning your advice would be useless, or you don't really believe what you're saying.

people where talking about zeronet. The only thing I saw as suspicious was that it loads pages equally as fast while running zeronet through proxies/tor and running it normally ./  
It may just be the way the content loads but aside from that and the javascript it seems like a nice modern looking sort of torrent-web.  
I have been interested in IPFS the interplanetary file system. It is distributed and seems to be pretty ideal for archival of webpages pic related is what got me interested.

Judaism was a Dionysus cult that got tied into a Judean identarian movement in Canaan.

The Judeans were originally a subset of Canaanite people, and Hebrew was just a dialect of Canaanite mutually intelligible with the other dialects. They decided to start a regionalist movement because they wanted independence from the other Canaanite tribal leaders. The cult of Dionysus was already somewhat popular in Judea (as it was throughout Greece and other areas of the Mediterranean), so the leaders of Judea decided to make the Dionysian religion a distinctive feature of Judean identity, setting them apart from their Canaanite siblings who still practiced generic Semitic polytheism.

The cult of Dionysus originated in Mesopotamia, near the Zagros Mountains, circa 6000 BC. It spread west alongside winemaking technology. Wherever viticulture appeared, so too did the Dionysian cult. The cultists generally memorized the texts rather than writing them down, because they did not want the common folk to learn of the mysteries (this is why we have very little written material from the Greek mystery cults, for example).

The Judeans were the exception to this rule. They wrote down the ancient Dionysian texts because they wanted to carve their identity "in stone" so to speak. They translated the texts into Hebrew, and translated "Dionysus" as "Yahweh", a minor Canaanite god who ruled over the region of Judea.

Judeans didn't actually come from Mesopotamia, they were of Levantine descent just like all Canaanites. They wewuzzed as Mesopotamians because the Dionysian texts they translated into Hebrew follow the history of the Dionysian cult as it spread out of Mesopotamia, and they wanted to identify themselves with the progenitors of the Dionysus cult.
