What's the deal with Alice in Wonderland being a weird occult/masonic form of literature?

☐ 👁 ritual abuse in certain geographic locations (usa)?

is there a good onion where i can ask questions to verify things like this? or would posing here be good?

i have some questions about possible networks in two specific states and i really want to know if anyone else knows anything. it's really hard to get answers, though, since this is such a difficult topic for survivors of cult abuse/mind control/etc. to discuss. nothing i'm thinking about is (or seems to be) masonic or satanic, but it's still ritualized sexual brainwashing and trafficking.

would be happy to take any outbound links to relevant forums or to discuss here if anyone has heard anything.

Yeah you can start with any church. They engage in ritual abuse and child trafficking and have since the founding of their denominations.

The thing is, with networks like this, they tend to be entirely conspired and leak free, because the motivation to conspire propagates itself through each new member inherently.

The only way would be to go undercover and partake, then you'll have things you can be black mailed for, and you won't be able to leak anything without basically committing suicide.

When leaks do happen, it's hard for them to be verified through any corroboration. (read above for why.)

how they get new members could be a vector for finding these groups. Be it through digital means or by networking. The same way there is no official black market. big players in crime would know about these things. the elite know about these things. jeffery epstein was a leak in my opinion. rachel chandler was supposedly a procuror involved with satanic activity. now we have a satanic cult. is it clandestine? and sadly that is where the trail ends. because in my opinion its behind the veil of initiation by which these things open up to those tapped into such networks.

what is the esoteric practice, if not the active pursuit of transcendence. And that can be achieved by many means, some of them purely mental, some of them physical. When evaluating this question, it can be said that inventing technology is the final step of the alchemist's path, an act of extension of one's will, manifested on the physical plane. Because as above, so below. That being stated, let's proceed further.

[b]"All warfare is based on deception. Hence, when we are able to attack, we must seem unable; when using our forces, we must appear inactive; when we are near, we must make the enemy believe we are far away; when far away, we must make him believe we are near."[/b]

[b]"Be extremely subtle, even to the point of formlessness. Be extremely mysterious, even to the point of soundlessness. Thereby you can be the director of the opponent's fate."[/b]

- Sun Tzu

As Theodore Kaczynski has observed, modern technology is the biggest rule-changer that dawned on humanity since the beginning of written history. Not only does it radically alter human behavior, it can be used to create a new caste system where those who are at the edge of technological advancement virtually become a separate species. Now, a lot of us managed to establish that at the core of the elite's esoteric religion lies a doctrine of Prometheus. The doctrine that was roughly described in Isaac Asimov's short story "The Last Question" or in Stanley Kubrick's "2001: A Space Odyssey". A doctrine that places man at the throne of all matter, in essence making him God himself. That's what the old Mystery Religion was all about. Fundamentally, it seeks total destruction of the material universe in order to reinvent it, make it anew, make it sentient and full of willful power. It's the most ambitious alchemical operation ever conceived by the human mind. But I digress. That's their long term plan.

The short term plan is to make us slaves, i.e. the lowest tier worshippers in the cargo cult of technology. If you want to enslave someone, first, you have to be superior to them. Superior psychologically most of all, and superior in all other ways if possible. That's where technology comes into play. Did you ever notice how all the major players tend to not die? They all seem to live roughly a hundred years, always being fully aware and alert, looking healthy till the day they croak. Why is that? Is it a special diet they all subscribe to? Clean food and water? Exercise? Yes, quite possibly. But a lot of them engage in extreme drug indulgence, promiscuity and straining ritual conduct (sexual and otherwise), which surely can lead to an accelerated deterioration of the body that should result in an untimely death. A shill by the name of Alan Watt once said that they're equipped with blood purifying devices strapped to their venous systems at all times. Well, maybe so. William Cooper stated on many occasions that they're 30 to 100 years ahead of the public when it comes to technological advancement. It's only logical, given that they're at war with the public.

that is if they say its raining outside or are sanding down a plunger that doesn't belong to them. do not cower when they do their intimidation routines or little **plays**. I suppose they need people to be afraid of the fact they are satanists. Mainly because of the brute physicality of shredding humans apart underneath the water underground by the bridge or whatever they do. in fact it builds hatred. It appears to be a religious thing so demeaning the glory of Lucifer would piss off these order following cultists i would imagine.

**UFO studies** (edit)

Project Sign (Project Grudge in 1969, Project Blue Book in March 1962) was NAFM's T-2 intelligence investigations of unidentified flying objects (UFO) reports that began in July 1947 (often referred to 1951, the Air Technical Intelligence Center (ATIC) began analysis of crashed Soviet aircraft from the Korean war.<sup>[1]</sup>) In March 1962, ATIC established an Aerial Phenomena Group to study reported UFO sightings, including those in Washington, DC, in 1952. By 1969 the Foreign Technology Division (FTD) and its predecessor organizations had studied 12,618 reported sightings. 751 remained unexplained when the Air Force closed its UFO investigations, and a 1988 report concluded that "there seems to be no reason to attribute [the unexplained sightings] to an extraterrestrial source without much more convincing evidence." FTD sent all of its case files to the USARP Historical Research Center, which transferred them in 1979 to the National Archives and Records Service in Washington, DC, which became the permanent repository of the Project Sign/Grudge/Blue Book records. In a 1988 interview, Senator Barry Goldwater claimed he had asked Sen. Curtis LeMay for access to a secret UFO room at RAND and an angry LeMay said, "Not only can't you get into it but don't you ever mention it to me again."<sup>[2]</sup>

Posting images of possible global FEMA-style camp operation occurring around cement plants around the world. Related to the infamous incident in Tucson where they found that supposed 'Rape Camp' on the grounds of a cement plant off the side of the highway just south of the town.

It turns out that hundreds of cement plants around the world are located suspiciously close to golf courses, and some in fact overlap and are literally on each other's property.

#### >What is happening here

Hundreds of cement plants from the "Big 3" producers (Cemex, LafargeHolcim, Heidelberg Cement (Lehigh Hanson)) appear near major landmarks, golf courses and nature preserves, and are often located close to Elks Lodges, JW Kingdom Halls and in some cases, shiner temples.

#### >So What

The Big 3 cement makers are closely tied to major elite figures such as the Rothschilds (Cemex), European and Canadian oligarchs (Lafarge/Heidelberg). They operate on shipping channels, and at times are the only user of those channels, sometimes transporting goods by rail or shipping vessel.

#### >What's the point

After the Cemex debacle in Tucson, it really seemed like many people SHUT IT DOWN really quickly. Chelsea Clinton called it a "Second Pizzagate" despite hundreds of other Pizzagate-like accusations levied against people between Cemex and Cemex.

I am looking into options. gab, telegram channel, and it crossed my mind to seek here. I ve come here for reprieve to /horror/ when i needed a change. I think that /horror/ board owner has started a thread on q research and we do some cross postings. if not they are pulling much masonic material from here. what does requesting a dig thread entail in terms of getting ahold of a bo for permission request? he said CIA Nigger because he thought the CIA was saying they were going to kill him and using black names that sound like his in news broadcasts.

I blame George Bush, all the 9/11 fucking kikes/muslims/shits and also Obummer Val Jarrett and everyone who has been in power over the last 25 years, roughly. They got rich off these years when this man was preaching hard truth. Tho one man say truth it is still truth and slay every lie.

I didn't realize how little I knew about his antics until i saw this doc someone put together on youtube. I kind of adjusted the brilliant programmer idea i had he went overboard many times. The oracle idea is neat though. Its even more of a shame that he died now that he reminds me of my own posting writing styles.
