PHILADELPHIA, PA – A 47-year-old convicted sex offender was recently arrested after police responding to a burglary call happened upon something much more disturbing than stolen goods.

The suspect in question was reportedly not only in possession of a dismembered cadaver – police also allege he's connected with some discovered deep-fried body parts.

<https://sofrep.com/news/chinese-taliban-partnership/>

THE CHINESE & TALIBAN PARTNERSHIP NOBODY IS TALKING ABOUT UNTIL NOW

VSO are one of several national priority efforts currently conducted by joint/combined SOF teams in rural village areas across Afghanistan in support of the International Security Assistance Force's, or ISAF's, comprehensive campaign of counterinsurgency, or COIN. The ultimate goal of the COIN campaign is to foster an enduring stability for the people of Afghanistan. Performing what are commonly described as "bottom-up" stability efforts....so says big Army.

The Chinese Taliban Partnership

VSO is a losing strategy if the U.S. is not invested in Afghanistan for the long haul and we all know that we're only building houses of cards. Current VSO operations in theater will only provide temporary shelter from a Chinese storm that is sweeping across the Afghanistan nation, and squeezing the land of every available natural resource. China doesn't give a fuck if the TB (Taliban) is in charge, just as long as they look the other way once they're on the take; the TB will want their cut of course. This will happen as soon as the U.S. pulls out and it's back to burkas as usual.

Ever heard of the Trans Afghan pipeline?

A friend of mine going to Afghanistan soon says....

"Guys like you and me can see the real future if China taps that 1Trillion worth of resources (God knows that they need them...). China will not give two shits if AFG returns to a complete safe haven for every terrorist faction on the globe that hates the USA. In fact, an unstable AFG is better for what they are hoping to accomplish. They may even promote that shit just to keep us on our toes knowing that there is no way in hell we would return. They are a very strategic "chess playing" country. Pricks."-Anonymous US SOCOM Operator

Gabriel "Puiu" Popoviciu — The businessman with a finger in every pizza pie.

There seems to be a pattern for many Romanian businessmen in their dealings with the justice system. The pattern is obviously complex but it almost always involves shady real estate deals, ties to the Accused Regime, ties to political movers and shakers and the odd football connection. Gabriel Popoviciu, also known as Puiu, fits this pattern down to a T.

Great work Anon...you beat me to the punch. I noticed that there were a lot of requests for diggz on Biden and Romania. I guess we dropped the ball.

"in politics and sociology is gaining and maintaining power by breaking up larger concentrations of power into pieces that individually have less power than the one implementing the strategy.

The elements that are used as techniques in politics are:

Create or encourage divisions in society to prevent alliances that can oppose sovereign power.

Help and promote those who are willing to cooperate with sovereign power.

Encourage mistrust and animosity between people.

Encourage consumerism that is capable of weakening political and military costs."

"it recommends that a group to be defeated or controlled (such as a people) be divided into sub-groups with conflicting interests. This is to ensure that the sub-groups turn against each other instead of standing together as a group against the common enemy.

In information technology , this strategy is also known as the divide-and-conquer method.

Like the fop and patrolman's union but i guess a more in depth focus on god only knows. That's what the fucking police is for you'd think. Then again Q says mil is the only way so it must be top down corruption. Its insane to think its anything but a way to control the world locally and globally at the same time.
