I'm making this catch-all thread to collect stories of child abuse. Perhaps we can then unmask those involved in the cabal.

Okay, let's start this off with an account of abuse out of Texas, from a high school student.

I spotted this heartbreaking story on /qrbunker/. Crazy that some soyboy wants this removed. Yes, using the lure of drugs is bad in itself (and so is choosing to use drugs), but teenagers often make poor choices at that stage of their life. Also, note the potential involvement of Mexican drug cartels here.

No, this should not be removed; rather it should go viral. Spread the story around like wildfire across the QAnon-sphere.

Pedo rings have absolutely no place inside our schools. Abusing kids for your own selfish desires (and the desires of the elite Satanists) is never okay.

Psalm 91

- >1Whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty.a
- >2I will say of the Lord, "He is my refuge and my fortress, my God, in whom I trust."
- >3Surely he will save you from the fowler's snare and from the deadly pestilence.
- >4He will cover you with his feathers, and under his wings you will find refuge; his faithfulness will be your shield and rampart.
- >5You will not fear the terror of night, nor the arrow that flies by day,
- >6nor the pestilence that stalks in the darkness, nor the plague that destroys at midday.
- >7A thousand may fall at your side, ten thousand at your right hand, but it will not come near you.
- >8You will only observe with your eyes and see the punishment of the wicked.
- >9If you say, "The Lord is my refuge," and you make the Most High your dwelling,
- >10no harm will overtake you, no disaster will come near your tent.
- >11For he will command his angels concerning you to guard you in all your ways;
- >12they will lift you up in their hands, so that you will not strike your foot against a stone.
- >13You will tread on the lion and the cobra; you will trample the great lion and the serpent.
- >14"Because heb loves me," says the Lord, "I will rescue him; I will protect him, for he acknowledges my name.
- >15He will call on me, and I will answer him; I will be with him in trouble, I will deliver him and honor him.
- >16With long life I will satisfy him and show him my salvation."

Jesus the creator of humans was on earth to tell humans that those that (((inbred))) have to be killed because they no longer have Jesus God as their creator because (((inbreeds))) from (((inbreeding))) have instead an (((infinite inbreeding demon of incestuous child rape))) as the 'creator' of the (((dog shit))) that is (((inbred))) jews and the reason why Jesus ordered drowning for child rapists is because (((inbreeding))) = child rape and (((inbred))) jews will only continue to rape and eat children as seen with (((maxwells and epsteins))) because (((inbreeding))) = ((('too inbred to care'))) (((inbreeds))) unless child rapists are drowned first as ordered by Jesus.

it is impossible to 'outbreed' ((('too inbred to care'))) as all (((inbreeds))) have only the (((infinite inbreeding demon of incestuous child rape))) where humans instead naturally only have Jesus God as their creator trying to save humans from the endless hell of ((('too inbred to care'))) where all (((inbreeds))) reside.

drown all (((dogs))) as (((dogs))) are of the same (((incestuous child rape inbreeding demon))) as jews are from (((inbreeding))) and (((dogs))) are trying to 'have' the (((dog))) 'owners' 'mentally inbred' enough to pick up (((dog shit))) until the (((dog))) is dead while infants get their genitals mutilated

Never have a (((dog))) around children as all (((inbreeds))) are pedophiles and can only try to make others ((('too inbred to care'))) pedophiles unless drowned first.

"Cellphone data is like digital DNA," Engelbrecht explained. A court case on the precision of this technology makes that claim difficult to dispute. In response to the 2016 Supreme Court case, *Carpenter v. United States*, Justice Roberts wrote a 2018 opinion in which he describes the level of precision tracing afforded by pinging a cellphone using geofencing technology. "Accordingly, when the Government tracks the location of a cell phone," writes Roberts, "It achieves near perfect surveillance as if it had attached an ankle monitor to the phone's user." Two of the most striking paragraphs from his 2018 opinion are captured below:

Dr. David Fisman resigned his position as a member of Ontario's COVID19 Scientific Advisory Board. Why did the professor do it?

Dr. Fisman had been working with Ontario's COVID19 Scientific Advisory Board. However, Dr. Fisman was happy with the current situation on the board, as he felt we were put in an uncomfortable situation.

Dr. David Fisman is a medical epidemiologist whose research interests lie at the intersection of applied epidemiology, mathematical modeling, and applied health economics.

He is interested in developing and applying new methodological tools that allow physicians and public health professionals to use the best available data to make the best decisions around infectious disease control.

Experts rally around doctor on Ontario COVID-19 science table amid conflict of interest allegations

Dr. David Fisman is known for speaking his mind and not holding back.

Over the course of the pandemic, he has been especially pointed in his views about children returning to school, saying that enhanced health measures are needed to ensure being back in the classroom is safe.

Fisman has come into the spotlight this week for allegations of conflict of interest.

While he serves as one of the more than 20 members on the Ontario science table, he has also done paid consulting work with the Elementary Teachers' Federation of Ontario.

A story first published by the Toronto Sun asserted that because he was paid for his work with the union, Fisman's role advising the Ontario government is a conflict. The allegation has been met with harsh criticism from the medical community and beyond.

Members of the science table are required to disclose their professional relationships. This information is publicly available online. As of Tuesday, his relationship with the union is listed. The link between Fisman and the teacher's union has not been a secret.
