So my /pol/ thread was locked. Why? I have no idea. Go and check it out and come back here.

I was going to post this:

If someone could explain this:

>Be on 446 meters per second spinning & wobbling ball travelling through universe.

>You don't notice yourself spinning & wobbling.

>duh. this is because of gravity!

>but gravity is a weak force.. i can counteract it by jumping...

>ok, sorry, the real reason is because of your inertia, imagine you are on an aeroplane travelling 600 mph, you don't feel anything dawg!

>Yes, but an aeroplane IS CLOSED, try your stupid analogy with AN OPEN AEROPLANE.

They want you to believe that the air surrounding you are perfectly synched up with the spin of the world... So perfect in fact that you can't even feel the slightest effect from this...

Message too long. Click [here](#) to view full text.

Do this experiment then. Get a piece of fruit, Orange, Apple etc. Go in your car. Drive at 60 mph. One hand toss the fruit upwards and try to catch it. Did you catch it? Did it hit the back windsheild?

Try it and post back here the results.

I think there's some good argument for Special Relativity being a fraud but this has nothing to do with simple mechanics

what does this have to do with the theory of relativity??

and here i was all this time thinking it just had to do with inertia.

I don't think it's possible to debunk this, but please try. Requirements are knowing how airplanes work.

You are flying an old propeller airplane. It has a speed of 200 mph. Now, when the elevator is set to level the plane will fly level, that is how airplanes work.

Now the curvature of the earth is square of the distance multiplied by 8 inches. So since the airplane is moving 200 mph that is $200/60=3.3$ miles per minute.

So in 1 minute the distance to the ground should increase $3.3 \times 3.3 \times 8 = 88$ inches. 88 inches in meter is 2.2 meters. After two minutes the airplane have moved 6.6 miles, that is $6.6 \times 6.6 \times 8 = 348$ inches or 8.8 m. After three minutes it's 784 inches or 19.9 meters.

You can see how it adds up, and this plane does not have magical alternate elevators or something that could change it's pitch, so why is it that the airplane continues to stay level with a supposed curved earth?

A unifying idea that ties all of the conspiracies together.

Do you ever wonder if the illuminati and the initial christian churches, sending each other secret letters, worshiping Lucifer, were one and the same?

If that were true that would mean that Syria, Turkey and Greece are very important and very powerful in the occult realm.

☐ **Anonymous** 10/29/2016 (Sat) 05:06:18 [\[Preview\]](#) No. 15 [\[X\]](#) [del](#)

The initial Christian communities, essentially secret societies that initiate members by baptism, have a mystery school, and communicate through symbols and secret hand gestures. Happen to have an equalateral triangle as the symbol of their God.

Send encoded messages between the churches as letters, the most bizzare and famous of these being the Revelation of John.

Greek orthodox and Syrian Orthodox Christianity is near original occult illuminati fraternal Christianity.

Rome tries to subdue these power centers, bankrupts Greece, wages war on Syria, Destabilizes Turkey with coups and plots. Maybe coincidence maybe not...

That sounds like a political conspiracy to me! Go for it, sounds good. I'd like to read more about this. If you have info dish it.

Well the conspiracy website godlikeproductions.com is run by it. Go to that message board and type in tavistock to get banned. That was the first thing that got me interested, but honestly I'm not much of a digger myself.

There are a lot of unfounded claims here - lacking source reference - but this is a goldmine ready for digging.
