> In traveling about conquered Germany—a country that seems to be populated mostly by old men, women and children—one wonders at first who was left at home to till the fields and work in the factories. But the answer is provided by the seemingly endless streams of former "slaves" from all parts of Europe and by the huge cantonments of liberated victims of Nazism. More than six million of them have been liberated, and that is just about the number of her own men that it is estimated Hitler's "intuition" cost his nation in killed, wounded and captured.

On the evening of February 13, 1945, a series of Allied firebombing raids begins against the German city of Dresden, killing as many as 135,000 people. More than 3,400 tons of explosives were dropped on the city by 800 American and British aircraft. The firestorm created by the two days of bombing set the city burning for many more days, littering the streets with charred corpses, including women and children. This affected eight square miles of the city.

The timestamps would be at the end of the video I believe. It's an old video so I don't remember it too well. You can delete the post after you get the url

I have an idea.
Propaganda is a major point of the information war, many lies and many shills roam the earth, but they're worthless next to the truth, all their efforts mean nothing to the one who has learned history, so my idea is bringing information to people, through propaganda (I doubt we'll get the best graphics in a slow board, but spreading information is always a great idea), but in a few steps, meaning sorting the small informations, akin to polfornormies, and slowly grow to the jewish question, take it as a 1 moth program, and something for anons to be able to have as a resource, a powder keg of information, if someone has already learned that the Anne Frank was a hoax, then tell them about what jews say about the holohoax, I'm proposing a slow grow to the jewish question through infographs, jokes, vids and an entire artillery of jewish aware information. I do not know if this has been done before, if it has the great, if it hasn't I'm willing to put my effort to it, your thoughts would be appreciated, and if you think this is a good idea share some infos, it's also a good idea to translate all the information and this would be kind of of a hard task, so help is appreciated.

Excuse me for being late, as I wasn't aware anyone visited this board despite the times that I link it at /pol/. The purpose here is not to state "racial slurs" as truth is revealed. Saying jew does not count no matter how offended jews get. I made this because I presented the main thread here >>2 to an average person in 2017 but the info was on /pol/ and they saw a "racial slur" so in immediate response, this person completely disregarded the information. It's also sort of a backup in case anything foreseen happens. I say foreseen because paranoia of what can go wrong is always good insight to have. Regardless, you should share all information relating to the JQ on >>>/pol/ as this board does not have traffic in the slightest.
